Château Plus - MEDIUM HAZARD FR

- Made from **Perfentex Plus** - innovative synthetic fibre developed by Interface Fabrics.
- Fire retardancy locked in - **Medium Hazard** flammability.
- **Anti-static** and **easy clean**. Non-absorbent for maximum protection against stains. Diluted bleach can be used as a cleaning agent, Perfentex products are highly resistant to acid, alkali and other chemicals.
- **Non allergenic** - does not support the development of mildew, fungus or other bacteria; will not cause allergic reactions
- Excellent comfort and **breathability properties**

Sustain - earth friendly, exclusive design

- 100% completely biodegradable
- 100% natural wool

- Wool from New Zealand's clean, green, and unpolluted environment
- Environmental non-metallic dyestuffs
- Landfill upholstery off-cuts will decompose safely without contamination
- Utilises sustainable manufacturing for a lighter environmental footprint
- **Further fact sheet available on request**

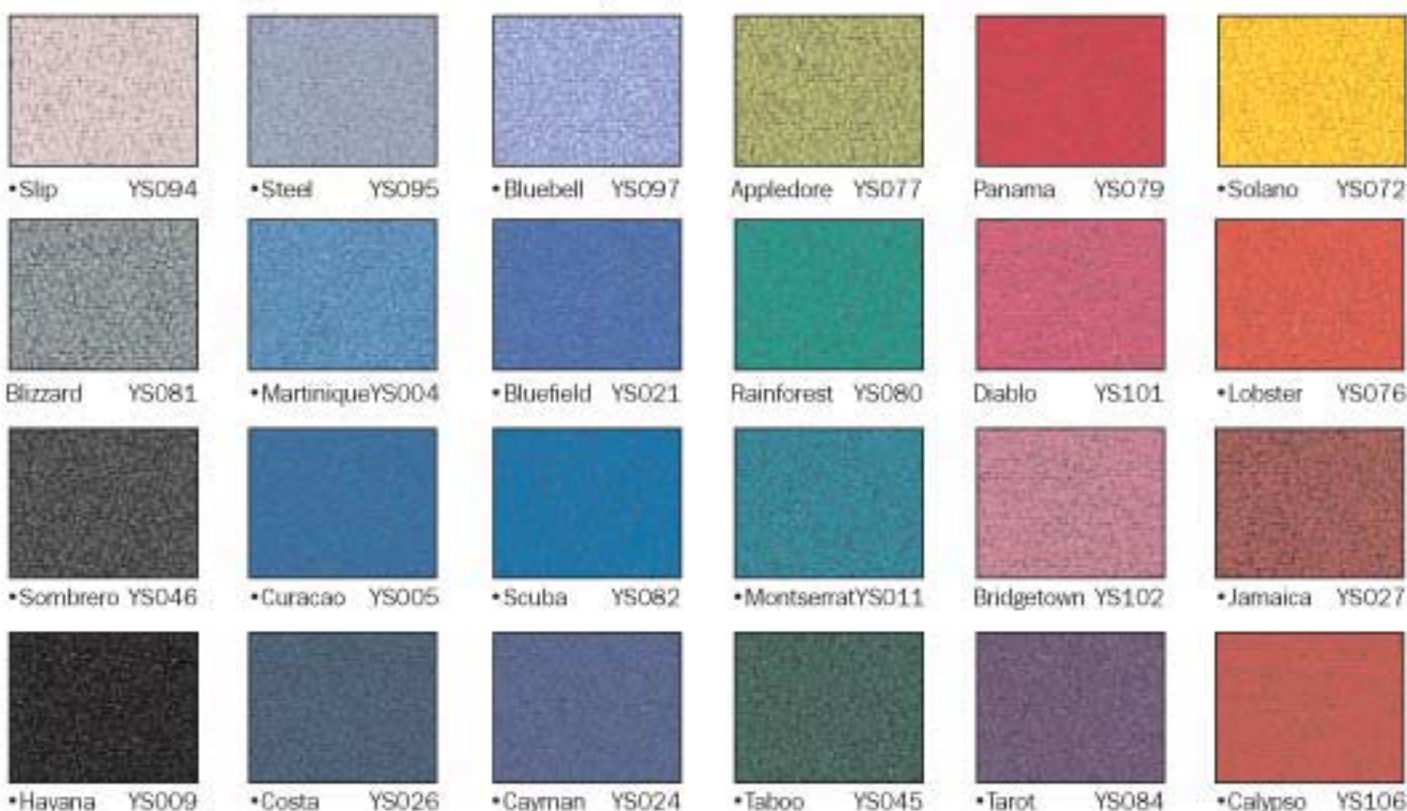

Advantage- **LOW HAZARD FR**

Xtreme Plus - **MEDIUM HAZARD FR**

• Indicates coordinating colours available in the Lucia range for panels
